We will also recycle all empty bottles.

It also includes any necessary serving equipment required, along with the provision any kitchen equipment we may need for your menu.

This also includes Napkins

Staffing

Over the years, we have built up an excellent team of friendly and experienced staff who will be there as a helping hand for your event.

Your team on the day will be made up of a designated event manager and additional waiting staff who will be there to serve your food and ensure you and your guests are happy (of course this is the most important part).
